Welcome to JPAC!

We are indeed privileged to host you for this academic feast. As has been famously said "see one and do one" and we follow the same principle to offer an exclusive experience of hands-on training on all the 3 Da Vinci Robotic systems, namely X, Xi and Si (Subject to availability). We plan to conduct discussions which would include radical prostatectomy and radical cystectomy with intracorporeal diversion. We aim to offer exclusive hands-on training for 120 min to each participant with guidance from expert faculty. In addition, you will have an unprecedented opportunity to have a mentored viewing of unedited videos from the expert.

Feel free to ask as many questions as possible

Happy learning!

Course outline

DAY 1: Prostate

07:30 am – 08:00 am	Registration
08:00 am – 08:30 am	Welcome address: Dr. Ajay Gangoli (MD, MPUH), Dr. Mahesh Desai, Dr. Ravindra Sabnis
